T10: brain / neural / network / networks
T11: materials / material / properties / design
T12: energy / power / climate / data centers
T13: autonomous / vehicles / safety / vehicle
T14: cancer / cells / cell / patients
T15: music / music technology / audio / musical
T1: language / models / llms / language models
T2: people / education / technology / social
T3: health / care / patients / medical
T4: model / models / machine-learning / technique
T5: robot / robots / robotics / robotic
T6: opens window / window / opens / pittsburgh
T7: protein / proteins / drug / molecules
T8: images / image / generative / objects
T9: computing / program / schwarzman / fellows
